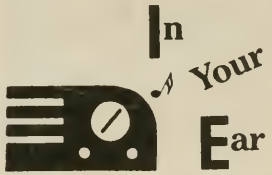
DESIGN, TYPOGRAPHY & PRODUCTION by Markham & Co.



By Susan Anderson, General Manager

Generations ago, there was a newspaper that offered some of the most daring, edifying, and momentous information and analysis of its era. Urging the need for profound social change in the United States, the paper had one of the highest circulation figures of any periodical at the time. Supporters in all types of organizations formed "Appeal Armies" to distribute the paper to tens of thousands of readers. The paper, of course, was Eugene Debs' **APPEAL TO REASON.** And it remains inspiration for today's alternative media.

KPFK. Listener-Sponsored, Pacifica Radio for southern California. As I ease into my new job as General Manager of KPFK, I can't help but feel excited about our potential. Our world is changing, it is careening toward a new century (fifteen years to go!) and it is time to think about how we will evolve in the coming period.

Inside the station we plan to work diligently and imaginatively to preserve and encourage what we do best. And what we do best is provide radio programming of unparalled diversity, piquancy, and appeal, we offer those provocative sounds that leap in your ear as you shift your FM tuner leftward toward 90.7.

We are a community radio station; our community is the entire range of our signal area, southern California itself, reached with our transmitter of 110,000 watts. That's power. But it only means something when you, your neighbors, organizations, and friends help. Perhaps Debs' idea of "Appeal Armies" isn't such a bad one, even now. At any rate, we're going to march — some of us to Taiko drums, or conga, tom toms, talking drums or New Orleans rhythm bands — to our destination. Becoming the best radio station our community has ever heard.

COVER ART:

Austin Straus is both a poet and an artist. His program, the 'Poetry Connexion' will have its 4th anniversary in October. Apart from paintings, collages and burnt-paper works (called 'sun-etchings'), Austin has been doing zinc-plate etchings and collagraphs at L.A.C.C. with Norman Schwab for the last year and a half.

Highlights

Title Change

"Growing Up and Growing Older" is the new title for "Speaking of Seniors and Others." Sylvia Maguite Pepper, the producer/commentator of the show has a Master's of Science in Gerontology and feels that discussions of aging are intergenerational in scope, crossing several generations from young to old. What affects the elderly affects the youth and the middle-aged. Aging is a continuing process beginning with birth and coming to closure with death.

Who's the caregiver to aging parents, the daughter-in-law or the son? What happens to relationships between grandparents and grandchildren when there is a divorce? How sexual can you be after 65? When do you decide your parent needs a conservator? Which shall it be? A will, a living will, durable power of attorney? These are some of the topics to be covered. What's happening to minority older women? and men? Is retirement for everyone?

Title Change

"Growing Up and Growing Older" is the new title for "Speaking of Seniors and Others." Sylvia Maguite Pepper, the producer/commentator of the show has a Master's of Science in Gerontology and feels that discussions of aging are intergenerational in scope, crossing several generations from young to old. What affects the elderly affects the youth and the middle-aged. Aging is a continuing process beginning with birth and coming to closure with death.

Who's the caregiver to aging parents, the daughter-in-law or the son? What happens to relationships between grandparents and grandchildren when there is a divorce? How sexual can you be after 65? When do you decide your parent needs a conservator? Which shall it be? A will, a living will, durable power of attorney? These are some of the topics to be covered. What's happening to minority older women? and men? Is retirement for everyone?

Treat yourself and help your favorite radio station at the same time! While all ages will enjoy all the songs on this album, the songs on SIDE ONE are especially suited to movement, singing, and the development of a positive self-image for the child of pre-school and elementary age. The songs are easy to learn and full of fun and whimsy.

SIDE TWO touches humorously and dramatically upon such sensitive subjects as babysitters, siblings, friendships, depression and family relationships. These songs will appeal to the older child as well as to adults. Uncle Ruthie will be happy to autograph your record. Please print names of recipients very carefully!

Uncle Ruthie Buell is a songwriter, singer, actress and special education teacher. She can be heard weekly on KPFK Saturday mornings from 10:30 to 11:30 a.m., where she is the storyteller and host on "Halfway Down The Stairs," a truly unique program which appeals to all ages from toddler to grandparent. Uncle Ruthie can also be heard in concerts and workshops, where she dramatizes stories and sings her very special songs, accompanied always by enthusiastic audience participation. **For concert and workshop info, call (213) 870-4180.**
